A Letter from Blue Sky

Dear Audio Professional,

Congratulations and thank you for selecting a Blue Sky Audio Management Controller (AMC).

Your Blue Sky AMC is a technical tour de force, and establishes a new benchmark for controlling monitor systems.

The Blue Sky AMC is proudly handcrafted in the USA for the discerning audio professional.

Please take a few minutes to download the product specific owner's manual at (www.abluesky.com) and read through prior to using your Blue Sky AMC.

This will help you to understand the basic functions and capabilities of the Blue Sky AMC. It will also allow you to maximize the exceptional performance for which the AMC was designed.

Your Blue Sky AMC has undergone extensive tests for safety, functionality and technical performance.

We hope that you enjoy your new Blue Sky AMC.

Sincerely,

Blue Sky International

IMPORTANT SAFETY INSTRUCTIONS

Warning: Permanent hearing loss may occur if studio speaker systems are used at high volume for any prolonged period of time. Please exercise good judgment when playing back your music material.

Warning: Please note, you can adapt over time to a higher volume of sound, which may sound normal but can be damaging to your hearing. Set your studio's overall volume to a safe level, and consult a trained professional if you have further questions.

IMPORTANT SAFETY INSTRUCTIONS

1. Read Instructions.
2. Keep these Instructions.
3. Heed all Warnings.
4. Follow all Instructions.
5. Do not use near water.
6. Clean only with a dry cloth.
7. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus that produce heat.
8. Unplug this apparatus during lightning storms or when unused for long periods of time.
9. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as a power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
10. The system must be placed on a firm, level surface where it is not exposed to dripping or splashing liquids.
11. Do not place flammable material above or beneath the AMC.
12. Before making connections to a Blue Sky AMC, ensure that the power is off and other components are in mute or stand-by mode.
13. Make sure all cable terminations are of the highest quality, free from frayed ends, short circuits, or cold solder joints. Be especially careful when connecting to terminals marked which may have hazardous voltages on them during operation.
14. THERE ARE NO USER SERVICEABLE PARTS INSIDE A BLUE SKY AMC
